GM TRUCKS

Chevy and GMC Trucks are hot, and they're getting hotter every day with collectors, restorers, and rodders. And why not? They've got plenty of power under the hood, with rear wheel drive like good old muscle cars, or even four wheel drive. Let's face it; trucks are cool, trucks are practical, and trucks are great to drive. Here at Goodmark Industries we recognize these facts about GMC trucks, and so we strive to bring you the very finest parts for restoration or of these icons of the American road. Keep your Chevy or GMC truck looking good, with

Chevy and modification Goodmark®!

BUMPERS AND GRILLES

Bumpers

These Premium Quality Bumpers are new, die-stamped, high quality steel, EDP coated or triple chrome plated, and are nice quality. The show-quality plating process of copper/ nickel/ chrome meets original factory standards. Get a set of these excellent bumpers for your truck, and show them off to the world.

 47-91 .. All Universal Rear Tag Lamp Assembly 1000-876-1S \$10.95 ea

Chevy / G

Grilles and Front Trim

We all know that a flawed grille can spoil the looks of any truck. A bar that is missing or bent, a ding, a crack, or blemish will mess up the "detailed" look of the whole front end. Get a brand new Goodmark® grille and show the world a "new face" on your truck. These quality grilles are made from chromed steel, anodized aluminum, or plastic just like the originals. Looking good!

Chevy / GMC

FRONT LAMPS

It's what's up front that counts, and your front lights are like the "eyes" of your truck. Dented or dull-looking bezels, fogged or cracked lenses, or loose and rattling hardware can lead to a bad case of "ugly eyes"! Brighten your outlook on the road, and make your truck's "eyes" a sight for the whole world to appreciate, with brand new beautiful headlamps, Park Lamps, and all the related bezels and hardware from the Chevy/GMC truck experts at Goodmark®.

Headlamp Capsules

New aftermarket headlamp capsules include the sealed beam, retaining ring, and mounting ring for one headlamp. These are excellent for collision repair.

- 80-86 .. C/K, '87-91 R/V with 2 Headlamp (use 2)
- standard bulb 4313-061-77 \$49.45 ea
- Halogen bulb 4035-061-80 \$54.95 ea

- 81-86 .. C/K, '87-88 R/V with 4 Headlamps
- standard bulb Upper Left / Right ... 4145-061-811L / R .. \$54.95 ea
- standard bulb Lower Left / Right ... 4145-061-812L / R .. \$54.95 ea
- Halogen bulb Upper Left / Right ... 4145-061-813L / R .. \$65.95 ea

Get new inner fenders!

With all the abuse that Inner Front Fenders have to take, it should be no surprise that they look so badly when you remove them from your truck. The top areas usually look okay, up near the seam between the hood line and the outer fender. But it can be a real shocker when you disassemble the front sheet metal, and survey the rust and damage. Batteries leak acid on the Inner Front Fenders, while tires throw up rocks, water, snow, ice, salt, sand, and gravel at tremendous velocities. People often drill extra holes to mount accessories, and even Father Time seems to take a toll on those poor Inner Front Fenders. At Goodmark Industries we have learned to respect inner fenders, as we know how important they are to having proper fitting front sheet metal. And, they show up prominently every time you open your truck's hood. Go ahead, order two new Front Inner Fenders with your new outer front fenders. You'll love the way they look.

Fender Patch Panels

EDP coated steel patches for the lower front or rear section of the front fender. These are used to repair a commonly rusted area in order to salvage an otherwise solid fender.

47-55 .. 1st Series Front, 13-3/4" H x 16-15/16" W,

Editors love
Goodmark!

"A big reason that the parts fit, and that there are parts for all the popular Chevys, is that Goodmark folks actually test everything on real cars. Sure they start with all the factory dimensions, but nothing goes into production until the piece is made and actually installed on a project vehicle. This pickup might be a great one by the time all the new Goodmark panels are made and installed." **Super Chevy Magazine**

DOORS & HARDWARE

Get brand new steel doors for your pickup truck! As you have probably experienced, bicycles, grocery carts, and parking lots all seem to have been created for the sole purpose of damaging truck doors. Add to that all the rain that slides down the side glass into the bottom of the door frame, and your doors face a pretty rough life. Now you can get all new complete door assemblies, door skins, and inside/outside hardware. These precision parts allow you to easily repair or replace your doors as needed. Get the doors or parts you need from Goodmark, and make your doors a show-off point of your restoration.

Door Shells

New EDP coated door assemblies feature full inner frames and outer skins, ready for assembly. Be sure to add our new window regulators and door latches for a new door assembly. All door shells ship via Truck Freight.

- 64-66 .. C/K Truck, Left / Right..... .4142-400-64L / R... \$499.95 ea

Door Skins

New EDP coated steel panels for the outside of the door shell. These are included with our new door shells, but are available separately for those whose doors are otherwise solid, but the outer skin is dented by parking lot dings, light bottom rust, etc. You can use these with our lower inner door bottoms to save an otherwise solid door.

GAS TANKS

Replace rust and muck-filled old gas tanks in your muscle truck with brand new high quality steel Gas Tanks from Goodmark®. There is no cost-efficient way to restore the outside appearance of a gas tank, and the rust particles, sludge, and stale gas residue inside are just carburetor problems waiting to happen. While you're at it, be sure to replace rusted or weakened old straps, brackets, bolts, and gas caps. Go for it.

Gas Tanks

New niterne steel gas tanks replace rusted, leaky, sludged originals. '49-72 Pickup tanks are all designed to go inside the cab. '73-up tanks are designed to go under the bed like the originals.

BED SHEETMETAL / QUARTERS

Rust, dents, accidents, and general abuse are heaped upon the beds of pickup trucks by just about everyone who has ever owned one. Even well-maintained low-mileage original trucks will generally have some damage to the beds. Goodmark's bedsides, bed floors, various bed patch panels, and wheel houses are made of heavy gauge automotive quality steel, and pressed on brand new dies by skilled craftsmen. This results in exceptional smoothness and fit. Put some brand new Goodmark® steel in the bed of your favorite pickup truck. You'll love the way they look, the way they fit, and you'll love throwing away those patched-up rusty originals too. We offer the front bed panels, bedsides, rear fenders or wheelhouses, floor cross braces, rear cross rails, and tailgates for complete replacement of most popular beds. Call the truck team at Goodmark Industries today, and put some brand new steel on your pickup bed.

Bed Strips and Angle Strips

Bed Strip Kits are zinc coated steel strips used on models with wood floors between the wood boards. Angle Strip Kits are welded to the bedside and form the ledge for the outermost board to sit on. Use both kits when replacing bed sides or the bed floor. We do not offer the wood or hardware for the bed floor.

Chevy / GMC

Tailgates

Improve the look of your pickup truck in a hurry, with a brand new steel Tail Gate from Goodmark®. Pickup Truck Tail Gates are highly subject to rust, warpage, dents, & damage. In years gone by the only alternative was to pay high prices for good used units from bone yards or swap meets. But today you can simply get online and order, or pick up the phone and get a beautiful brand new steel Tail Gate on its way to your door. It's fast and simple too; just open the box, get your local body shop to paint it to match, and hang it on your truck's tail gate hinges. What could be easier? Call now.

Rear Cargo Door Patches

EDP coated steel patch panels to repair the rear cargo doors on Panel or Suburban models when so equipped. These are NOT for models with rear tailgates.

- 73-91 . . . Suburban, Left / Right 4174-832-73L / R . . . \$36.25 ea

REAR LAMPS

New Tail Lamps will brighten your truck and give it an attractive, fresh appearance. Replace old faded, cracked, or missing lenses and get new housings and connectors that are free of corrosion. New Tail Lamps take only a few minutes to install, but will look terrific on your truck for years to come. Call Goodmark Industries to order brand new Tail Lamps for your pickup truck today, or visit online for full details.

Tail Lamps and Back-Up Lamps

New Lenses and brackets are available to replace the most common models. Be sure to order housings if needed.

MARKER LIGHTS

It's those little details that make the big difference. Side Marker Lights show up prominently on your truck, whether lighted or not. Old plastic lenses tend to be scratched or faded, and don't reflect light as well as they did when they were new. Dress up your truck with a brand new set of Side Marker Lights.

Side Marker Lamps

New complete marker lamps for popular models.

MC Trucks

Body Moldings

The soft aluminum and thin stainless steel original moldings on a truck always seem to get damaged, dinged, faded, or pitted. It doesn't take much damage to spoil the overall looks of your machine. These Goodmark parts are of the highest quality, for both fit and finish. Designed as a direct replacement for original equipment, these premium moldings are produced from the highest quality materials. Install these moldings on your truck, for that freshly-restored appearance.

Body Molding Kits

New complete molding sets to replace moldings on the fenders, doors, cab, and rear bedsides on both sides. All mounting clips are included with each kit. SWB = Shortbed, LWB = Longbed

- 69-72 . . C/K Fleetside / Wideside Pickup

68-70 . . C/K Truck (Blue) 4012-453-681 \$6.55 ea

WEATHERSTRIPS

Nothing screams "old worn out truck" like a drafty, leaky cab. Why put all your money in new seat covers and carpet when every time it rains, water pours into the cab, soiling materials and rusting the floors. We have the solution to your leaky cab problems with these complete kits that replace most of the rubber on the truck in one package. No more hunting for elusive parts!

Weatherstrip Kits

Kits designed to replace the commonly replaced weatherstrips on popular truck models.

81-86 .. C/K, '87-91 R/V	4145-418-811P	\$142.95 pr

Windowfelt Kits

Complete sets of new windowfelts used to seal water at the top edge of the doors, on the inside and outside of the glass. Also called "window sweepers". These are included in most of our weatherstrip kits, but are available here separately for those who require them. Always replace when installing a new door shell.

73-80 .. C/K Front Doors	4144-423-771S	\$43.95 set
73-76 .. C/K Rear Side Doors	4144-423-732S	\$43.95 set
